OFFICE LIFE

Story behind our valuable calendars

*M*any of us are using desk calendars and most of you probably have noticed that they are different from previous ones. Pictures in this calendar are not just photos but have been drawn by children. Each picture does not just represent some element from logistics and shipping field, but there are also true feelings attached. Children of Kaarli School put their hearts and genuine love into those pictures while drawing and with each picture they are sending good thoughts and kindness to us.

As GSSC Estonia has been growing year by year, so has been Kaarli School. In a way we understand each other's challenges on this road and with the calendars we were helping this small school to get a little bit more closer to their dream – building their very own school. As a gratitude the students of the school issued a letter of thanks for APL.

Kaarli School is a Christian school where true values of life are honoured and carried out in everyday life. Where children can have a healthy and nurturing environment for growing up as a caring and responsible citizen. Read more www.kaarlikool.ee . If you wish to contribute to the development of this lovely school you can simply make a donation via link: www.kaarlikooliheaks.ee
